# THE AUTOMOTIVE LIGHTING EXPERTS

## OUR CUSTOMERS COME FIRST

**At NARVA, customer satisfaction is our number one priority.** NARVA delivers high-quality automotive lighting products so that professionals can fully satisfy their customers' needs. With NARVA, garages and shops are able to deliver reliable products and quality service at an affordable price. NARVA has developed a comprehensive product portfolio in order to meet the needs of professionals all around the world.

Dedicated NARVA teams and distributors are committed to serving and informing our customers worldwide. We strive to efficiently and effectively meet all customer and market demands in all areas of our business.

Our sales offices, together with a central warehouse, provide attentive customer care and an efficient delivery service.

As today's roads become more congested, we believe it's necessary for all drivers to be able to afford a high-quality and reliable lighting solution for increased safety and visibility.

## QUALITY LIGHTING AT AN AFFORDABLE PRICE, NOW AVAILABLE TO EVERYONE.

## OUR AFFORDABLE QUALITY

- / More than 70 years of automotive lighting experience
- / Comprehensive testing throughout the entire production process
- / Constant quality control of every lamp \*ECE = Economic Commission for Europe
- / Compliance testing and international certification processes, including IATF 16949, DIN EN ISO 14001, ECE R37, ECE R99
- / Ongoing investment in product innovation and new processes.

The quality of NARVA products and production processes are regularly controlled. Our products adhere to ECE\* regulations and other legal requirements.

NARVA production, as well as marketing and logistics processes, are regularly controlled with the help of today's international IATF standards.

The ECE created international guidelines for the automotive industry and its suppliers in order to reduce trade barriers and increase traffic safety. Products that do not conform to ECE regulations cannot be sold in Europe. NARVA products adhere to ECE regulations 37 for filament lamps and 99 for gas discharge lamps that provide guidelines including measurements, luminous flux and power. The IATF 16949 is our proof of strong integration of safety and stability in our production, marketing and logistics.

\*ECE = Economic Commission for Europe

# LED

## 12/24V LAMPS

Transform your car from standard to stylish in one easy move with the gorgeous **NARVA Range Performance LED** bulbs.

With crisp, white LED light and brilliant colors, not only will you look good, but also see more and react faster.

## RANGE PERFORMANCE

Illuminate the road with bright white headlights, ensuring great visibility and an amazing appearance. Due to their compact size and “twist and fit” design, these bulbs are one of the easiest to install.

With superior thermal resistance, the lights are protected from heat damage, making them extra durable and long-lasting. Advanced optical design ensures safe driving without glaring oncoming road users.

Standard halogen

Range Performance LED

## INSTALLING HEADLIGHT BULBS

1 Remove the cover of the headlamp.

2 Make sure the inside diameter is at least 60 mm.

### For H1, H3, H4 and H7 types

3 Take out the center ring and install it into the holder. Secure the ring with the metallic clip. Install the bulb into the holder. Gently twist the bulb to secure it.

4 Connect the bulb to the car connector (respecting polarity for H1 and H3 types).

5 Make sure the burner is vertically positioned.

6 Seal the cover of the headlamp.

# HALOGEN SOLUTIONS

## REPLACEMENT

### STANDARD

Our Standard range represents the best value, combining reliability with economy. For drivers seeking the greatest price/performance ratio without sacrificing safety, NARVA Standard is the right choice.

## DURABILITY

### LONG LIFE

Our green range has been especially engineered for long lifetime. Lasting twice as long as standard lamps, these long-lasting lamps will not have to be replaced as often which results in less maintenance combined with a minimal impact on the environment.

## BETTER VISION

### RANGE POWER 50+

### RANGE POWER 50+

Offering up to 50% more vision than a standard lamp, our Range Power 50+ delivers a longer light beam for even greater brightness. It's engineered for drivers to see farther and more clearly for greater safety.

### RANGE POWER 150

### RANGE POWER 150

The new Range Power 150 delivers up to 150% more brightness. The powerful light beam allows drivers to see farther. A special burner design creates a higher lumen output for increased safety and greater performance.

## STYLING

### RANGE POWER BLUE+

### RANGE POWER BLUE+

Offering up to 50% more vision and up to 30% stylish, cooler light, our Range Power Blue+ is engineered for drivers to see farther and more clearly for greater visibility and safety.

### RANGE POWER WHITE

### RANGE POWER WHITE\*

Our Range Power White offers a bright and stylish white light. The stylish xenon effect obtained by the 4500 K color temperature offers your car an eye-catching look close to daylight.

### RALLYE

### RALLYE\*

Offering high power for more visibility, the Rallye range is engineered for drivers to see farther and more clearly.

\*Non-ECE-homologated. Cannot be sold or used in Europe.

	D4S	840423000	42	35	P32d-5	2	C1

## UNDERSTANDING XENON LIGHTING SYSTEMS

### Main benefits

- / Brilliant and powerful light projection on the road
- / Light color and intensity close to daylight
- / Extra-long lifetime
- / Low power consumption

Xenon HID (High Intensity Discharge) lamp

Electronic ballast and high-voltage starter

Complex optical system with automatic level control and power-wash system

BASES (IEC 60061-1)

Commercial pack

Blisters

Spare kits

## PACKAGING

### Understanding the NARVA ordering code

488612100

Packaging type code

Ordering code

The attractive packaging design provides a clear view of the products inside and its robust construction protects the content during shipping as well as in-store.

- / Economical
- / Reduces waste
- / Clear information
- / Robust construction

### NARVA Special packaging

Our packaging is used for both Special double packs as well as for Spare kits. Product information is simply and clearly displayed on the back to help consumers make an informed decision.

C1/CP  
Commercial pack  
**3000**

S2/SM  
Special double pack  
**2100**

B1/B2  
Single blister / Double blister  
**4000**

Special double pack  
for LED  
**3000**

### Abbreviations for range names

- HD** Heavy Duty  
Resists all vibrations
- LL** Long Life  
Double lifetime
- RA** Rallye\*  
Extreme brightness
- RP50+** Range Power 50+  
Up to 50% more vision
- RP150** Range Power 150  
Up to 150% more brightness

- RPB+** Range Power Blue+  
Up to 50% more vision,  
stylish white
- RPW** Range Power White\*  
4500 K Xenon white
- RPLED** Range Performance LED\*\*  
Up to 6500 K, crisp, white light

\*Important Products that do not carry the ECE certification logo are not homologated and cannot be sold in Europe.

\*\*It is your own responsibility to ensure that the use of the LED retrofit lights complies with applicable local legal requirements.
